

The IP54 waterproof shell makes it perfect to adapt to a variety of indoor or outdoor industrial and commercial application scenarios, such as photovoltaic charging stations, industrial parks, farms, etc.

Front-side maintenance for outdoor cabinets can optimize floor space and maintenance channels. It has the characteristics of safety, reliability, rapid deployment, low cost, high energy efficiency and ...

Discover the advanced 100KW-215kWh Outdoor Cabinet Energy Storage System with air-cooled technology. Ideal for peak shaving, backup power, and enhancing renewable energy use in industrial ...

The outdoor cabinet is weatherproof, easy to install, and built for long-term performance. With remote monitoring, after-sales service, and extended warranty, SUNWAY ensures stable power supply and ...

Our 50KW/100KWH outdoor cabinet energy storage system, with its excellent performance and thoughtful design, is the ideal choice for outdoor energy storage applications.

Supporting both AC and DC coupling, up to 10 units can be connected in parallel, with a maximum capacity of 2150kWh. It adopts a built-in air duct design and supports a charge/discharge rate of ...

Unleash peak performance and unparalleled security with our Air-cooled Energy Storage System. This modular powerhouse seamlessly integrates AI-powered intelligence for optimized operation and ...

The intelligent air cooling system in the HighJoule 100KWh Outdoor Cabinet Series ensures optimal thermal management, maintaining battery efficiency and longevity. It adapts to varying environmental ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.
