

100/150kW high voltage all-in-one hybrid inverter for commercial application, supporting up to 600kW system capacity. Industrial and commercial scenarios: Reduce peak demand charges and ensure ...

The new Bahraini factory is located in the Bahrain International Investment Zone on an area of 4 thousand square meters where they will produce more than 80000 solar panels per year, while it will ...

Expert in solar energy storage, ATESS offers energy storage solutions & EV charger solutions and delivers clean power to more than 85 countries, with 13 offices and warehouses worldwide.

Based in Shenzhen, China, ATESS has a sophisticated and automated ...

Based in Shenzhen, China, ATESS has a sophisticated and automated manufacturing plant. An international service network with offices and warehouses has been built in 5 continents to ensure ...

Factory: For factories with higher energy consumption, the 50kw hybrid inverter and 40kw hybrid inverter can significantly lower operational costs and ensure production continuity during grid outages.

Atess commercial storage travel to you by insured transport. Shipments are packed with great care in such a way that the battery arrives at its destination undamaged.

Discover the ATESS HPS30000TL - a rugged 30kW three-phase hybrid inverter for small commercial solar systems in the Gulf and Middle East. IP65 design, seamless switching, and full PV-battery-DG ...

100kW three-phase all-in-one hybrid inverter of ATESS is tailored for medium commercial and industrial applications. Its 4-in-1 design (inverter + charge controller + energy management + ATS) delivers all ...
