

Automatic Mobile Outdoor Cabinet for Hotels

What is a T cabinet?

The T cabinet series cabinets are intelligent enclosed outdoor cabinets designed to support flexible expansion. The cabinets have an open framework design (similar to block building) that enables easy expansion of the cabinet space and heat dissipation capacity at the top and both sides of the cabinets.

What is an open framework cabinet?

The cabinets have an open framework design (similar to block building) that enables easy expansion of the cabinet space and heat dissipation capacity at the top and both sides of the cabinets. This feature helps customers quickly carry out capacity expansion and device upgrades at low cost.

What types of cabinets are available?

Currently, T100, T300, and T500 product models are available, covering small and medium-sized copper, OLT, and WDM devices in wall, pole, pedestal, or elevated platform installation scenarios. o Smooth evolution: The framework and modular designs of the cabinets facilitate onsite cabinet combination to allow unlimited cabinet space expansion.
