

We offer a range of 50Hz, 3 phase Battery Energy Storage Systems (BESS) with capacities from 211 to 2280 kWh from major global power solution equipment manufacturers.

90KW/266KWH All-in-one Fully integrated Outdoor Cabinet BESS produced by catl Individual pricing for large scale projects and wholesale demands is available. Mobile/WhatsApp/Wechat: +86 156 0637 ...

Designed for optimal performance, safety, and scalability, they ensure seamless integration with BESS systems. Power your business with reliability and innovation.

This product integrates a power conversion system (PCS), batteries, a battery management system (BMS), thermal management, power distribution, and fire protection, adopts single-serial design, and ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

You can choose components such as photovoltaic charging modules, parallel off-grid switching modules, and power frequency transformers based on specific microgrid scenarios, all integrated into an ...

Grid Off-switching supports off-grid operation, serving as a backup power source to ensure continuous production.

The cabinets are made of galvanized steel or aluminium, making them easy to position and providing a long service life. A slide-in racking system allows for easy installation of 19" rackmount style battery ...

All-in-One Solution: Battery packs, charge controller, BMS, EMS and PCS with highly efficient three-level topology integrated into one unit to maximize the efficiency of the system.

Power your cabin with our high-capacity off-grid solar system, featuring a 30kW LiFePO4 battery bank for long-lasting energy storage and a 12kW split phase hybrid inverter for versatile ...

90KW/266KWH All-in-one Fully integrated Outdoor Cabinet BESS produced by ...
