

Brunei has commenced construction of a 30 MW solar photovoltaic power plant in Kampong Belimbing. The project is being developed by Seri Suria Power (B) Sdn Bhd, a joint venture between ...

Solarvest Holdings Berhad, through its wholly-owned subsidiary Atlantic Blue, has secured Brunei's largest solar photovoltaic power plant project in partnership with Serikandi Oilfield Services and Khazanah Satu.

Strategically situated on a 32.29-hectare remediated landfill site near the capital, the solar plant transforms previously unused land into a productive clean energy asset.

The BSP Solar Plant PV Expansion project, with its contribution to the national power grid, brings Brunei another step closer to its target of achieving at least 30 per cent of renewables in total installed ...

Brunei's largest solar photovoltaic power plant (SPVPP) with a 30-megawatt (MW) capacity in Kg Belimbing is slated to launch by the end of 2026, following a groundbreaking ceremony on August 11.

BRUNEI DARUSSALAM (Feb 9): Hibiscus Petroleum Bhd has begun construction of a 12-megawatt peak (MWp) ground-mounted solar photovoltaic (PV) farm at Sungai Liang Industrial Park ...

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with the Brunei...

KUALA LUMPUR: Hibiscus Petroleum Bhd has begun construction of a 12 megawatt-peak ground-mounted solar photovoltaic plant in Brunei Darussalam, as part of its broader energy transition strategy. The group ...

The project, which originated from a request for proposal (RFP) process launched in 2021, will be developed on a remediated landfill in Brunei. It is expected to generate an annual output of 64.47 million kWh ...

Brunei Aims for 5% Reduction in Natural Gas Reliance with Solar Project In a significant move for a nation historically powered by fossil fuels, Brunei Darussalam is embarking on an ambitious renewable ...
