

Saudi Authority for Industrial Cities and Technology Zones, (Modon) signed a contract with Desert Technologies, a leader in renewable energy solutions and the one of the first Saudi company to manufacture ...

This guide compares leading solar panel manufacturers worldwide, examines the resurgence of US manufacturing, and shows how businesses can source panels wholesale.

Download our TUV certification (Test Report for Blowing Sand Modules and Cable) and find out for yourself about our high-quality solar panels in the desert. Also, feel free to get in touch with us so we can explain to you ...

While the US solar market continues to achieve milestones, solar panel manufacturers are driving the momentum with innovations in solar panels. In this blog, we have covered the top solar panel manufacturers ...

Designed to withstand dust, heat, and high winds, DesertBlue delivers up to 650W of power with 24% efficiency, establishing a new global standard for reliable solar PV performance in extreme conditions.

Standard solar panels degrade quickly in desert heat and dust. Learn the key material choices and manufacturing processes for durable, high-performance modules.

Desert Sunlight represents a major milestone in scaling up solar technology as one of the largest completed PV solar projects in the world. The project will deploy First Solar's commercially-available Series 3 thin-film ...

The Desert Sunlight Solar Farm is a 550-megawatt (MWAC) fixed-tilt photovoltaic power station approximately 6 miles (9.7 km) north of Desert Center, California, United States, in the Mojave Desert. It was made by the US thin-film manufacturer First Solar but now has split ownership between NextEra Energy Resources, Clearway Energy, and California Public Employee's Retirement System (CalPERS). It has the same 55...

Desert Technologies delivers innovative renewable energy solutions by combining advanced solar technology with smart infrastructure to provide sustainable, efficient power globally.

Chinese solar manufacturer JA Solar has published a TÜV Nord-certified white paper demonstrating its DesertBlue module series.
