

Geda Solarlifts - Different Modalities For Your Application Area  
Unique Concept: The Solar Platform  
Geda Solarlift - One Device, Several Advantages  
The GEDA Solarlift has particularly been designed for working with sensitive materials and offers a specific solar platform for a safe transport of expensive solar panels. The platform provides a specially developed plastic surface and an extra fixation possibility which can be adjusted as desired. The second transport variation is the collector pl...
