

We have constructed and are operating 16 solar farms and additional demo facilities across the state of Georgia, many in partnership with military installations. The largest, at 128 MW of capacity, is located ...

Hanwha Solutions Qcells Division (Hanwha Qcells), a global leader in complete clean energy solutions, has finalized the construction of a 3.3 gigawatt (GW) module production line at its ...

Solar panel manufacturer Qcells is getting a boost to its plant project in Cartersville, Ga., with a \$1.45-billion loan guarantee conditional commitment from the U.S. Dept. of Energy's Loan...

The loan guarantee will support Qcells' solar supply chain facility in Cartersville, Georgia, which will produce ingots, wafers, cells, and finished solar panels.

Qcells' Georgia Solar Plant Set for \$1.5B Federal ...Solar panel manufacturer Qcells is getting a boost to its plant project in Cartersville, Ga., with a \$1.45-billion loan guarantee conditional commitment ...

o Crop and soil scientists at the University of Georgia recognize six soil provinces in Georgia: 1) Limestone Valley, 2) Blue Ridge, 3) Southern Piedmont, 4) Sand Hills, 5) Southern Coastal Plain and ...

Fulton County is undergoing a countywide solar panel installation project. The goal is to use more sustainable energy sources so the county can save money and reduce emissions.

On this page, you can explore our database of solar projects in Georgia. Each month, we track projects in development and update our list of the largest solar projects expected to come online in Georgia.

"The model that Silicon Ranch has implemented here, where large flocks of sheep are managing the land and vegetation under the solar panels, is the future of responsible solar development in the US, ...

A significant portion of Georgia's land area is well suited to solar deployment, with a maximum development potential of up to 87 GW, according to a new report from IRENA.

Atlanta Motorsports Park in Dawsonville added a 402 kW solar array that includes modules from Qcells' Georgia manufacturing facility. The panels were installed thanks to the Rural Energy for America ...
