

HAVANA - Cuba's power-grid operator said it had restored electricity to most of the capital Havana on Monday even as Tropical Storm Oscar lashed the island's eastern end, downing ...

Environmentalists are blasting Vistra Energy's coal-burning power plant closure announcement as a cynical cost-cutting move. The Texas energy company... Listen o 0:13

The electric grid on the island of Cuba went entirely offline Friday after the failure of a major power plant east of Havana, government officials announced.

Havana's Electric Company took to Facebook to announce that a "load oscillation" within the SEN triggered a DAF shutdown, impacting substations at Plaza, Tropical, Pr&#237;ncipe, and Naranjito.

On Wednesday at precisely 1:06 PM, Havana's electrical subsystem crashed, abruptly halting the temporary relief that had reached some neighborhoods in the capital following a ...

HAVANA -- About 75 workers in Havana will be among hundreds losing their jobs with the announcement Wednesday by Vistra Energy that it is closing four coal-fired power plants in the ...

A significant failure in Havana's power grid on Thursday led to a massive blackout affecting much of the Cuban capital, marking the second ...

A significant failure in Havana's power grid on Thursday led to a massive blackout affecting much of the Cuban capital, marking the second major distribution system breakdown in ...

At least four western provinces, from Pinar del Rio to Mayabeque, lost power early on Wednesday, officials said, though all had been reconnected to the grid within hours of the outage.

On August 21, 2019, plant owner Vistra announced that the power plant will be retired before the end of 2019 if it is determined that the unit is not needed for network reliability.

This petition is in regards to the announced retirement of the Havana, Illinois Power Station. Vistra Energy plans to retire the plant before the end of the year.
