

DOHO is one of the top electrical equipment and switchgear companies in the world, specializing in the production of low-voltage and medium-voltage switchgear as well as key components such as circuit ...

Running over 2,500 kilometers through 81 cities in five states from north to south, the project involves the world's longest 800kV ultra-high-voltage direct current (UHVDC) transmission ...

Brazil, Brasilia: China and Brazil have signed a 30-year franchise agreement on the Brazil northeast ultra-high-voltage direct current (UHVDC) transmission line project, expected to be ...

A high-voltage circuit breaker is a critical electrical device used in power systems to interrupt the flow of high-voltage current. It is designed to protect the electrical network and connected equipment from ...

China high voltage breaker Manufacturers Factory Suppliers TAILONG is one of the most professional permanent magnet circuit breaker manufacturers and suppliers in China, providing high ...

Hitachi Energy today announces it will deliver the world's first sulfur hexafluoride (SF₆)-free 550 kV gas-insulated switchgear (GIS) to the Central China Branch of the State Grid Corporation of China (SGCC).

Sourcing Guide for High Voltage Breaker: Our electronics supplier database is a comprehensive list of the key suppliers, manufacturers (factories), wholesalers, trading companies in the electronics industry.

The successful application of China's UHV transmission technology in Brazil not only demonstrates China's leading position in the global energy sector, but also provides useful reference...

China and Brazil last week signed a 30-year franchise agreement for a new, 1,468km high-voltage transmission line to bring renewable power from Brazil's remote northeast to the more ...

In December 2023, State Grid Corporation of China secured the project as the sole successful bidder.
