

Huawei Vietnam Flywheel Energy Storage Project

Why is Huawei strengthening its presence in Vietnam?

Huawei is strengthening its presence in Vietnam as the country accelerates its digital and renewable-energy transformation. According to Reuters, Huawei, alongside ZTE, has secured new 5G equipment deals with major Vietnamese telecom operators.

Is Huawei expanding into Vietnam's green-energy sector?

Beyond telecommunications, Huawei is also expanding into Vietnam's green-energy sector. In January, the company agreed to supply inverters and energy-storage systems for a 100 MWp rooftop solar project, a milestone confirmed by The Investor.

Does Huawei have a 5G network in Vietnam?

According to Reuters, Huawei, alongside ZTE, has secured new 5G equipment deals with major Vietnamese telecom operators. The agreements signal warming economic ties and a renewed push to modernize Vietnam's connectivity infrastructure heading into 2026. Beyond telecommunications, Huawei is also expanding into Vietnam's green-energy sector.
