

# Intelligent Data Center Racks for Latin American Tunnels

Demand Drivers and High-Growth Segment Analysis for the Latin America Data Center Rack Market. The Latin America data center rack market is poised for robust growth driven by...

The South America data center rack industry is evolving rapidly, driven by increasing digital transformation and infrastructure investments across the continent.

InfraRack is pre-configured with smartcard handles, LED light bar and temperature sensor making it the intelligent choice.

**Key Highlights** Market Trends Geographical Analysis Competitive Landscape The Latin America data center rack market investments are led by Brazil, which accounted for around 50% of the industry investments in 2021. The growth in cloud computing and the growing interest of global cloud service providers will also increase the demand for OCP scale infrastructure, including taller, deeper, and broader rack solutions. Adopting HPC technologies such as AI, big data, and IoT plays a significant role in developing advanced OCP scale rack infrastructure, including converged and hyper-converged infrastructure. Vendors such as Huawei Technologies, Cisco Systems, Delta Electronics, Schneider Electric, and Vertiv are also a part of the OCP community. They continuously innovate their infrastructure offerings...
