LV6048 6,000W Split Phase 120V/240V Output | 48V All-In-One Solar Inverter / Charger | 2 X Mppt"S 8,000W of Solar Input is backordered and will ship as soon as it is back in stock.

The inverter connects directly to solar panels with built-in 80A MPPT solar controller, auto charges deep cycle batteries, and when battery voltage is low, it auto-starts generators (via dry contact) to continue ...

This inverter charger is perfect for your off grid system or for use as an emergency backup supply. Built with a 48-Volt DC input, this inverter performs with very little power loss.

Comprehensive LV6048 inverter guide covering installation, battery compatibility, programming, and troubleshooting. Expert tips for optimal performance.

The 6048 is a perfect beginner friendly option for someone who wants to install a big off grid solar system, but doesn't have a ton of experience. With everything built-in to both 6048 units - you can ...

We are a renewable energy company that is focused on designing & manufacturing inverter charger, solar inverter, solar panel and other green energy products. It helps a lot to build ...
