

Hanersun has announced the commissioning of a 1.15MWh commercial energy storage project in the Latvian capital Riga. The project, featuring five units of the company's HNESS 230-L ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

The Air-cooled C& I (Commercial and Industrial) Battery Energy Storage System (BESS) Cabinet is a versatile energy storage solution designed for a wide range of users across various industries.

Designed with precision and durability in mind, our frames offer a sturdy structure that ensures the safe and efficient deployment of energy storage containers in indoor environments.

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan lithium iron phosphate ...

With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's BESS Battery Energy Storage Cabinet 200kWh is an ideal energy storage system choice.

This energy storage cabinet supports both on-grid and off-grid configurations, with harmonic distortion $\leq 3\%$. It complies with international standards such as IEC/EN62109, IEC/EN62477, providing reliable ...

Amid the Baltic region's stringent grid stability requirements, Kehua's C& I liquid-cooled S³-EStore systems have been deployed at a Latvian industrial facility, ensuring uninterrupted participation in ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

We offer indoor and outdoor solutions based on different climatic conditions, ensuring the durability and reliability of the enclosures. With an integrated vertical manufacturing approach, we ensure efficient ...
