

The solution? Energy storage. Energy storage technologies, especially lithium-ion battery systems, act as a "backup buffer" for Peru's grid. They capture excess electricity during peak ...

Latin America has produced some of the most ingenious inventions of our lifetime.

The 54th Annual Meeting of The World Economic Forum will take place at Davos-Klosters from 15th to 19th January 2024.

Peru's Energy Storage Gold Rush: What the Numbers Say Peru aims to hit 60% renewable energy by 2025 under Supreme Decree 014-2023. This created a US\$480 million market for BESS deployment. ...

The facility, known as Chilca-BESS, is made up of 84 cabinets of lithium-ion batteries. Now in commercial operation, it is the largest energy storage system of its kind in Peru, according to ...

Peru is the world's top blueberry exporter, after a ten-year production surge. Mexico's raspberry output has skyrocketed. Meet the soft fruit superpowers.

The CPTPP is a free trade agreement between Japan, Malaysia, Vietnam, Australia, Singapore, Brunei, New Zealand, Canada, Mexico, Peru and Chile. It is one of the biggest trading ...

Latin American leaders and representatives at Davos 2025 The 2025 Annual Meeting will feature public addresses from several heads of state including President Javier Milei of Argentina, ...

Picture this: A country where the lithium-rich Andes mountains meet cutting-edge energy storage technology. Welcome to Peru's emerging reality. With global demand for efficient energy storage ...

Peru's Ministry of Energy and Mines has approved Luz del Sur's installation of a 5 MWh battery energy storage system at its 20 MW Majes solar plant in Arequipa, marking one of the country's first visible ...

Why Peru's Energy Storage Project Matters Now A country where the Andes Mountains dance with wind currents while the coastal deserts bake under relentless sunshine. Now imagine harnessing that ...

BRECA is a diversified business conglomerate with more than 130 years of history and presence in Peru, Chile, Ecuador and Brazil. It has a diversified portfolio of operating companies in the banking, ...

That's where the Lima Power Plant Energy Storage Project steps in, tackling renewable energy's Achilles'

heel with a 600MWh battery system that's reshaping Peru's energy landscape. Let's unpack ...

The World Economic Forum's Global Cybersecurity Outlook 2024 examines the cybersecurity trends that will affect economies and societies in the year to come.

Economies in Latin America are recovering from the shocks of previous years, but there are clouds in the sky ahead. Is the region's fortunes turning?

As Peru accelerates its renewable energy adoption, efficient power grid energy storage equipment becomes critical for stabilizing electricity supply. This guide explores cutting-edge technologies ...
