

We specialize in industrial and commercial solar systems (for factories, agriculture, schools, villages, and building electricity) as well as BESS megawatt-level battery energy storage projects.

Power your farm with Sunchees 30kW-100kW solar systems. Perfect for irrigation, greenhouses, and livestock farms. Durable, off-grid, and scalable solutions.

Agricultural Irrigation Solar Pump 30kw Battery Storage System Stable Water Supply

Max. Efficiency: 98.7%

Delivering 10,000W of rated power output, this rugged pure sine wave hybrid inverter is capable of pairing with either GEL or LI batteries. Dual MPPTs provide 99% efficiency. Provides 120V and 220V ...

This study explores the design and adaptation of a shipping container into a portable irrigation control station for agricultural operations. The project leverages the ...

In this article, we will explore the distinct benefits of a 30kW Off Grid Solar System in remote areas compared to other solar systems and conventional power generation methods.

Solar panel up to 25 years warranty. Off grid solar system, on grid solar system, hybrid solar system are suitable for house, commercial, industrial solar, and provide professional installation advice.

Experience our full 30KVA 30KWH 30KW off grid solar system with battery, delivering reliable power for your home agricultural industrial need.

Our in-house engineering and product development ensure that every solar PV system manufactured complies with international quality standards and is fully compatible for turnkey installations.
