

7.5kw variable frequency inverter, 3 Phase 230V, 380V, 460V, RS485 communication mode. The frequency drive inverter has V/F control and sensorless vector control, and the start torque is 150% ...

With one big transformer on each phase, our three-phase inverter chargers are not only capable of supporting 100% unbalance load but also delivering very clean power.

SANDI SDP series Pure Sine Wave Inverter is the one of the most advanced technology DC to AC conversion products in the world, it's suitable use for areas without electricity, providing a ...

Xindun Power three phase inverter pure sine wave output, 100% imbalance load design, AC charging batteries function, dc 48v convert to ac 380v or ac 380v to ac 220v.

The SWP3000-DA380 is an inverter that converts a DC voltage from 380V to 230V AC alternating voltage (pure sine wave) and can supply an alternating current and a continuous power of 3000W. ...

Very rugged and reliable. Isolated, can be used in positive or negative ground applications. Thermostatically controlled fan comes on only when needed. Suitable for any computer ...

Very rugged and reliable. Isolated, can be used in positive or ...

With over a decade of experience, Zhejiang Swipower Technology Co., Ltd specializes in pure sine wave inverters (up to 6000W), hybrid solar inverters, and rack mount power inverters.

We've put together this guide to help you navigate the world of pure sine wave inverters to find the one that fits your needs.

Sine wave filter inverter output RLC waveform converter 380V 1.5KW 2.2KW 7.5KW (YB966-38A 15KW)
Brand: MeLphi Size: YB966 -38A 15KW

Our main products are off grid wind turbine controller, On grid wind turbine controller, solar charging controller, wind-light complementary controller, wind-light complementary street lamp controller, On ...
