

What size is a 42U server rack?

Our 42U 19inchserver racks and cabinets range offers a wide choice of models with 600-800mm widths and internal depths up to 1200mm. The racks are made from steel and finished in a black or grey powder coat paint with other colour choices available.

How do I choose a 42U rack or cabinet?

When selecting a rack or cabinet there are several factors to consider. A 42U rack or cabinet can house equipment whose total height when placed into the rack is no more than 1.87m. Care therefore has to be taken when selecting a rack to make sure that there cabinet height is sufficient to house the IT server, networking peripheral or IoT device.

How long does it take to get a 42U server cabinet?

An enclosed cabinet with a front and rear door and side panels is more secure and will provide with more efficient airflow management. We supply a wide range of 42U server cabinets made to order and stocked in the UK. The typical lead time is 5-7 days unless the cabinet is ex stock at time of order.
