

In China, it is A-share main board listed company in solar thermal industry, with certified Enterprise Technology Center and CNAS National Certified Laboratory.

Key attributes System Voltage 51.2 V Output Power Range 5-30 kWh Grid connection Hybrid grid, Off grid Battery Type Lithium Ion Place of Origin Jiangsu, China System Type Stackable, Rack-mounted ...

Beyond water heating, SunRain offers comprehensive solar space heating systems that utilize solar thermal energy to warm indoor environments during colder months.

Together, we launched Northern Jiangsu's first optical storage and charging ultra-fast charging station, integrating photovoltaic power generation, energy storage and EMS systems to achieve annual ...

Sunrain's main products include heat pumps, solar water heaters, water tanks, lithium iron phosphate batteries, solar hybrid appliances, and water purifiers. Click now to view!

Profile: Heat Pumps, Flate Plate & Evacuated Tube Solar Water Heaters, Solar PV Panels, Energy Storage System with LFP Batteries

Customer Support +86 13775482716 Support & Email info@sunrain Our Location 199# Yingzhou Road, Lianyungang, China

Compact non-pressure solar water heater relies on the natural circulation of the water between solar tubes and the water tank. Thermosyphon systems work on the principle of heat rising. The water ...

Sunrain provides clean hot water, clean cooling and heating, and clean power generation to more than 160 countries and regions around the world.

If you want to make the smart decision and choose the right solar collector for your home or business, SunRain Evacuated Tube Solar Collectors deliver the performance, quality, low price, and value you ...
