

Tongwei flexible bracket photovoltaic panel

What is Tongwei new energy?

After large-scale and intelligent transformation, it can support the establishment of 120-150GW PV power stations, while producing 10 million tons of healthy and high-quality Tongwei aquatic products annually. Tongwei New Energy is the terminal investment platform of PV industry, with "PV Changes the World" as its core concept.

Who is Tongwei new energy engineering design Sichuan?

Diversified industry overlay, space creates unlimited possibilities. Tongwei New Energy Engineering Design Sichuan Co., Ltd. is a wholly-owned subsidiary of Tongwei New Energy.

Why is Tongwei a key participant in New Energy Development & Innovation?

Tongwei is an essential participant in new energy development and innovation. The implementation of breeding management utilizing the IoT technology significantly diminishes the rigors of breeding labor and substantially decreases labor costs. Diversified industry overlay, space creates unlimited possibilities.

What is a flexible bracket structure?

The flexible bracket structure based on innovative technical features such as the quasi-beam stringed cable truss structure and Cross-Tie horizontal vibration reduction system developed by Tongwei has a long span and high clearance, which achieves ultra-high utilization of land resources and ensures ultra-high safety under scale 13 typhoon.
